

PROJECT MANAGEMENT 101:

Estate Clean-out · Downsizing · Moving Houses

Our team of professional organizers (typically teams of 2 – 6, depending on the size of the home) quickly turn your new place into a comfortable new home and alleviate the stress of a household in disarray. The boxes are unpacked and belongings are put away in cabinets, closets, and drawers plus the kitchen is fully functioning on the first day! Many families hire Simply Organized as a way to make this process easier and less stressful. Professional unpacking and organizing services provide immediate focus on making their new place a home, the time to establish new friendships within their community, and room to breathe.

PRE-MOVE: DISCARD & DONATE

Decluttering before a move is a great time to let go of things that have outlived their usefulness and it lightens the load when moving and unpacking. Our experienced team of organizers will guide your family through the editing process and coordinate donations and or trash removal of their unwanted items. Fewer items to move means lower moving costs.

PACKING: STAY ORGANIZED DURING THE MOVE

Simply Organized provides your family with an experienced team of packers and provides all the necessary supplies. We use our skills to ensure each box is packed safely and securely. Your precious belongings will arrive at your new home in the same condition they left them.

UNPACKING: GET BACK TO LIFE SOONER

Once all the boxes have been delivered to your new home, you don't have anything to worry about! For professionals and families in transition, our team unpacks and organizes the contents of their moving boxes in a matter of hours. Getting settled in quickly means your family can concentrate on getting settled, meeting the new neighbors, and resuming their normal routines. We will analyze the space in their new home, compare it against what they have, and establish a place for everything using best practice organizing principles. Plus, all packing materials are stacked in an organized manner for easy pickup!
